

The diagram shows a hand-drawn shape consisting of a semi-circular top and a rectangular base. The semi-circular top is defined by a smooth curve. The rectangular base is attached to the bottom of the semi-circle. The entire shape is drawn with a single continuous line. The text 'Cut 1' is written inside the semi-circular area, and 'Piece A' is written below it. At the bottom of the rectangular base, there is a horizontal line with two short vertical lines extending downwards from its ends, suggesting a connection point to another piece. The text 'Tape to Piece B matching inside corners' is written below this horizontal line.
